WEIGHED BY: Beck's Hybrids-Ben Grimme

"We started planting Beck's 3 years ago. Now we are 100% Beck's on our acres. We were especially happy with the Rootworm Hybrids and 6197. Beck's has the best Roundup Ready soybean varieties available and we were impressed with the Sure Gro 130 Profit Pack's Performance. We like the family aspect of Beck's and the value they put in their products."
