*Yield = Bushels per acre corrected to 13% moisture.

WEIGHED BY: Beck's Hybrids-Ben Carter

“The reduced rates of Beck’s Sure Gro Profit Pack program out performed our higher planting rates this year. I like the fact that with Beck’s Sure Gro coated soybeans you can count on a healthier stand of beans. I no-till most of my bean acres and Sure Gro gives me an advantage from the start.”

Keith Matson
