17	BECK 392NL	3.9	3.5	66.7
18	BECK 356NL	3.5	<u>4.5</u>	<u>64.8</u>
	AVERAGE		3.7	74.0

[†]Bushels per acre corrected to 13% moisture.

*XL™ brand seed is distributed by Beck's Superior Hybrids, Inc.

™XL is a trademark of Pioneer Hi-Bred.

Selecting the best performing products is a key strength for Beck's Hybrids.

Beck's is regionally focused and has developed an extensive research and testing network, therefore we identify superior products that offer more return to our customers. Beck's selection team evaluates thousands of corn hybrids and soybean varieties annually in many different environments to select products that give our customers an advantage. Our selection team is in touch with our customers' needs and can recommend the best product for any given situation.

Experience the Difference. Plant Beck's.
